Production By Uses.

The total value of marble sold in 1917 home in Barnet, is hale and hearty and for use as building stone (\$3,702,563) walks to the village two or three times a was 22 per cent less than that sold in 1916, and the total quantity (1,470,793) cubic feet) was 35 per cent less. Exterior building stone, which represented 36 the 62d anniversary of their marriage at per cent of the total quantity of building Wednesday and escaped to Canada. He their home in Norwich recently. An stone, decreased 37 per cent in quantity oyster supper was served to a few and 25 per cent in value; stone for interior work, which represented 64 per cent of the total quantity, decreased 34 per cent in quantity and 20 per cent in value. Marble sold dressed for use in the exterior of buildings was the only building stone product that showed increase in quantity (13,549 cubic feet) in 1917; but the value of this product decreased \$38, (rough and dressed) in 1917 was \$2.52 per cubic foot; the average value of exterior stone was \$2.05 and of interior stone \$2.77. Vermont and Tennessee produced over 56 per cent of the quantity of marble quarried for use as building stone, each state reporting over 390,000 cubic feet. Vermont's output was nearly equally divided between exterior and in terior stone, whereas 57 per cent of Tennessee's product was interior building stone. About 37 per cent of the Ver-mont and over 50 per cent of the Tennessee marble was sold as rough stone. Georgia and Missouri were the next largest producers of building marble, the quantity produced in each state exceeding 100,000 cubic feet.

The value of the marble produced for to accept a position as pastor of the monumental use in 1917, including rough Saptist temple in Fall River, Muss., last and dressed stone, increased \$318,307 (15 per cent) over that in 1916. The quantity, however, decreased 255,230 cubic President Guy Potter Benton of the feet (27 per cent). The average price University of Vermont, Burlington, on per cubic foot was \$3.50 in 1917, which Friday received a telegram urging him was \$1.29 more than in 1916. There was for the Y. M. C. A on Tuesday or Thurs- dressed monumental stone sold in 1917tay of this week naming the ships on 107,403 cubic feet (54 per cent), but a which he could sail. When He Sat Down in Pail of Water to Be Used for Mopping.

St. Johnsbury, Dec. 16 .- David Knowlton, the two-year-old child of Mr. and Mrs. Frederick Knowlton of St. Johnsbury Center, was badly scalded when he fell into a pail of water left in the kitchen for mopping. Alone in the room for a moment, the little boy accidentally sat down in the pail of scalding water. He was painfully burned about the back and thighs. His condition is serious. Mr. Knowlton is a milk dealer.
